

ICCE

International Council for Circular Economy

About ICCE

Incorporated in July 2020 as Section 8 Company under Companies Act, 2013.

A thought leader working on building restorative and regenerative systems with a global outlook.

Vision & Mission

ICCE envisions India as a central hub of knowledge exchange, research work by enabling an environment that galvanizes action around the circular economy for escalated, coordinated, and comprehensive interventions for businesses, the environment, and the community.

VISION

Redefining lives by embracing and spreading global change to make the dawn of a new circular era.

Keep product &
material in use

Regenerate Natural
Systems

Designing out waste &
pollution

MISSION

Our mission is to accelerate the transition to a circular economy that is restorative and regenerative by design.

Ravinder Dahiya
Founding Director

Shalini Goyal Bhalla
Managing Director

Sandeep Chinda
Head Strategy

Preeti Chinda
Technical Lead

Council of Prominent People

Padmashri
Dr Rajagopalan Vasudevan

Padmashri
DR.G.D.Yadav

Advisory Board

Axel Darut

Pooran Chandra Pandey

Dr Sameer Joshi

Edward Clarence-Smith

Dr Jayakumar KV

Prof. Brajesh Dubey

Three Pillars of the Council

Educate

There is nothing more powerful than education. Acquiring knowledge is a never-ending process. Individuals need to be trained about the current economic model and how it can be transitioned to a Circular model. ICCE delivers a change in the mindset and ensures that people in the field have the highest skills and standards of practice.

Innovate

Innovation is the core of the company. ICCE persistently strives to redefine the standard of excellence in its operations. Change is the only constant. In order to stay relevant, we must develop with the society's changing needs. ICCE is receptive to ideas that challenge the conventional views and drive innovation.

Inspire

Inspiration awakens us to new possibilities by allowing us to transcend our ordinary experiences and limitations. Inspiration gives us both the means and motivation to rise above. Our success is dependent upon the collective energy, intelligence and contributions of all our community members.
